

2020 has been a difficult year in many ways, but we don't want to forget all the good that this year has brought so we are creating a community

Positivi-tree.

We have dedicated a pine tree at Pickett's Run Park (along the story walk trail on East Washington Street) to be decorated with positive messages, celebrations, and achievements. If you are thankful for the birth of a new baby, a recent engagement, time with loved ones, write your message on one of your plastic ornaments from home and hang it on the tree. There is a lot to be thankful for and sharing your joy can brighten the day of anyone who stops to read the messages of hope.
