

Tree Planting Program

The City of Bluffton will assist residents in planting trees along city streets during the early spring of 2021. Trees will cost \$37.00 each. Trees will arrive in a 5-gallon container. They must be ordered and paid for by March 26, 2021.

Trees offered are:

Red Sunset Maple
Prairefire Crabapple-pink flowering
Kousa Dogwood-white flowering
Heritage River Birch - multi stem

(Quantities are Limited this year)

The city will assist homeowners in planting the trees, provided the location can be reached from the street by the city's equipment. If you wish, the trees will be delivered to your home for you to plant. Trees are expected to arrive late March or early April.

The city will be purchasing the trees from Steve's Outdoor Concepts in Bluffton. *The City cannot guarantee the tree's growth, since much of the success of a planting depends upon the care of the tree after it is in the ground.*

Trees may not be planted in alleyways, under utility lines or where the growth of the tree may endanger either overhead or underground utilities.

Name _____ Phone # _____

TYPE OF TREE

____Red Sunset Maple ____Prairefire Crabapple ____Kousa Dogwood ____Heritage River Birch

Payment method: Cash or check# _____
