- Make sure your gun has your name on it. Many guns will look very similar, and we want to make sure everyone goes home with the right gun.
 - DO NOT bring bullets! We have plenty!
- You must bring your own safety glasses with you. You will not be allowed to play without safety glasses!
- If you bring a gun that takes batteries, please be sure to bring extra batteries in case your batteries run low. We will not have batteries available.
- Parents and spectators can wait in the bleachers of the gym.
