

FREE TOT TIME BLOCK PARTY

Join us in the city gym Thursday Feb 7th from 11-noon.

Block Party events provide an opportunity for parents to interact and play with their children while learning how they can help them develop a variety of skills through block play. Five stations are set up, each with a different set of blocks that aids the children in learning a specific skill. Parents are provided with parenting tips and information on how they can help their child develop each skill to the best of their ability.

Research has shown that through block play children can learn a variety of skills such as math, science, social, physical, new words, pre-reading, creative and problem solving skills.

Questions call the Parks Department at 824-6069
