

Yarn Bombing Bluffton

The Bluffton Parks Department is working on another creative outdoor art project, and we need your help with yarn bombing Bluffton!

Yarn Bombing is a form of street art in which the artist transforms public spaces with colorful knits or crocheted yarn to give everyday objects a whimsical look.

We are reaching out to anyone who knows how to crochet or knit to see if we can get as many Yarn bombs made by next spring to put on display around our parks. If you are interested in helping, message us your name and contact information at events@blufftonindiana.gov or call 824-6069 to get more information on what patterns we are needing for the project. We do have yarn available to supply you with, if needed. Projects will be due by mid-April.

We are also in need of donations of colorful yarn. You can drop off any yarn donations to the Bluffton Parks Department office on the 2nd floor of City Hall - 128 E Market.
