Bring your own Nerf weapons, we've got the ammo covered!

A few reminders:

- Bring a Nerf gun that uses the regular bullets/darts - Not the larger Mega bullets.
- Make sure your gun has your name on it. Many guns will look very similar, and we want to make sure everyone goes home with the right gun.
  - DO NOT bring bullets! we have plenty!
- You must bring your own safety glasses with you. You will not be allowed to play without safety glasses!
- If you bring a gun that takes batteries, please be sure to bring extra batteries in case your batteries run low. We will not have batteries available.
