

The Northeast Indiana Regional Development Authority (RDA) was recently awarded \$45M in READI 2.0 funding.

As such, the City of Bluffton would like to invite potential project owners to a READI Workshop in the Council Chambers in the upper level at City Hall on Thursday, May 9 at 8 am.

Ryan Twiss and Michael Galbraith, representing the RDA, will talk through the Region's Investment Strategies and what's next now that the regional awards have been made.
